Southern Housing

Prepared by Apex Lift & Escalator Engineers Limited

Managing Director: Reyaan Shepherd

Construction Director: Gary Poynter

Project Manager: Gary Ager

Construction Sales Consultant: Tom Hambrook

Project Overview

Client: Southern Housing

Southern Housing are one of the largest housing providers within the UK, and a member of the G15 group of London's largest housing associations. Southern Housing have over 45,000 homes across London, the Southeast and the Midlands. Providing almost 100,000 people somewhere affordable to live.

Southern Housing have a large emphasis on building communities with residents at the epicentre. As such, invest in community outreach programmes, career delivery and opportunity creation, of which Apex Lifts have become involved with throughout delivery of lift installation works and from a pre-existing maintenance, servicing and reactive repair contract we hold with the organisation.

Apex Lifts recently undertook lift installation works across a variety of Southern Housing's sites, comprising of x6 new lifts in total.

Scope of Works

- > Installation of x6 new MRL lifts across x4 Southern Housing sites within London and the Southeast.
- > Complete removal of existing lift components.
- > Modernisation of the existing lift shafts to improve overall standard of the finished project.
- > Utilisation of a combined in-house manufactured equipment and long-term preferred suppliers.
- > Incorporation of IMEM manufacturing packages, including Wittur lift entrances.
- > Installation of new Digital Advanced lift controllers.
- > Apex Lifts' installation engineering team worked alongside builders to deliver associated adaptation works such as altering the lift entrances to suit new equipment and meet fire stopping requirements.
